9. [] Spoke with the office of Program Evaluation and Planning, Social Security Administration, and learned that the Social Security Administration's proposed report to the Senate Finance and House Ways and Means Committees would be transmitted either today or over the weekend. I was informed that although in constant contact with the Civil Service Commission and State Department, the Social Security Administration had not yet received written comments but that such replies were expected.

10. [] Dropped by to see Bill Woodruff to get his impression of Senator Stephen Young's (D., Ohio) attack on the floor of the Senate earlier today on the Agency and the Director regarding the Pueblo. Woodruff said there were very few members on the floor at the time and, although Young's charges were extremely pointed, he thought it best not to dignify them by having any of our Subcommittee members speak on the subject.

11. [] Talked with C. B. Morrison, on the staff of Senator Allen Ellender (D., La.), and suggested that Senator Ellender visit the Agency, if his schedule would permit. We could talk with him about his recent trip to the Soviet Union and also talk with him a little bit about the Agency. Morrison thought this was a good idea. He said he would take this up with the Senator and be back in touch with us in the next few days.
